

Inova neighbor construction update: Sewer line improvement project begins

Wednesday, July 9, 2025

Good morning,

I am reaching out on behalf of Inova Health System to invite you to an upcoming meeting where we will share plans of a planned sewer line improvement project adjacent to your community.

We appreciate some of you making time to join us for our first meeting the week of July 4th. We are hoping to reach more of your neighbors with this next outreach.

Construction on this necessary improvement is anticipated to begin in August.

The next community information session will start at 7 p.m. Wednesday, July 23, at the Inova Conference Center (8100 Innovation Park Drive).

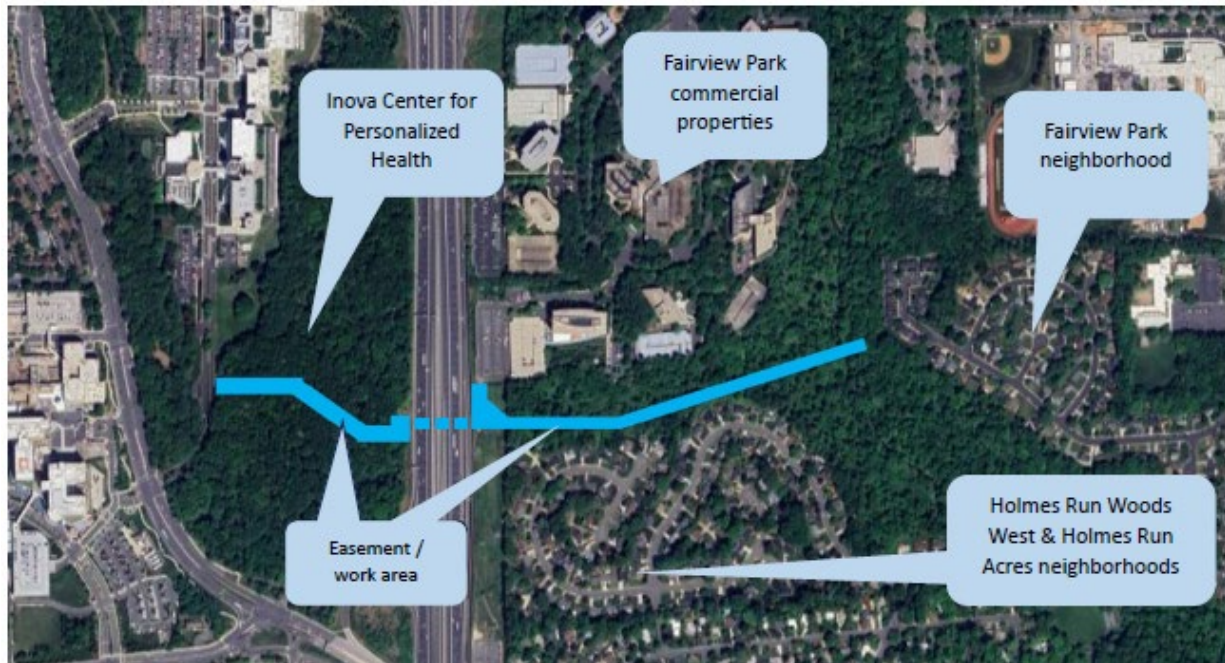

I am attaching a flier we would appreciate you sharing with your neighbors or neighborhood email lists.

I am also sharing below a brief we shared with Supervisors Jimenez and Palchik to include in their newsletters in case that's easier for you to share.

Inova hosting community meeting on upcoming utility work affecting Fairview Park

Inova is hosting a community meeting at 7 p.m. Wednesday, July 23, at the Inova Conference Center (8100 Innovation Park Drive) to share details of an upcoming sewer line improvement project that will affect its property and the Fairview Park neighborhoods across the Beltway.

The Inova Center for Personalized Health is currently served by an at-capacity sewer line that runs through an existing easement (in blue below) located between the Fairview Park commercial properties and residential neighborhoods. A larger sewer line is being installed to support continued improvements at the Inova campus, home to the Inova Schar Cancer center and other healthcare services. Inova has been working with Fairfax County, the Park Authority, and the Virginia Department of Transportation to secure approvals and will be taking all necessary environmental precautions. Residents unable to attend can learn more at <https://www.inova.org/locations/inova-center-personalized-health/progress-updates>.

Thank you for your consideration. Please don't hesitate to reach out if you have any questions.

Dominic
