

Inova neighbor construction update: Sewer line improvement project begins

Monday, August 4, 2025

Good morning,

I am reaching out to share that the project web page for the Inova Center for Personalized Health sewer line improvement project has been posted.

You can see details of the project and review the slide deck from the recent meetings here:

<https://www.inova.org/locations/inova-center-personalized-health/progress-updates>

I ask that you please share this with your neighbors for awareness of the upcoming work. We have already started work on the Inova side of the project, and we anticipate staking out the section behind your communities in the coming weeks with work starting a few weeks beyond that. I will keep you posted as I learn more about the actual start date, so you know when to expect construction vehicles and workers.

Please let me know if you have any questions.

Thank you again for your interest in the project and your patience during construction.

Regards,

Dominic
